

After the Grip--What?

You thought you had the best of the grip and you determined to wear it off; but somehow it does not wear off as you expected. You pass restless, sleepless nights and get up in the morning feeling more exhausted than when you retired. You are irritable and nervous and have no appetite for your food. You go about in a listless, halfhearted sort of way, and everything you undertake to do wrong. Do you know that you are on the verge of nervous prostration? You need help; and you need it more now than you did when the grip was at its worst.

Dr. Miles' Nervine is the best medicine you can get to build up your shattered nerves and restore your wasting strength. It invariably induces sound sleep and gives the overstrung nerves their natural rest. It makes the appetite keen, facilitates the digestion, gives healthful vitality to the nerves and restores health.

"I was nervous, restless, irritable and altogether out of sorts. It was impossible to get my natural sleep and I became so weak and exhausted that I could not leave my bed. Finally I commenced taking Dr. Miles' Nervine and I began to improve from the first dose. In a short time my health was completely restored."

MRS. DOW HEAGLE,
Sing Sing, N. Y.

A trial package of Dr. Miles' favorite treatment for the grip, consisting of Dr. Miles' Nervine, Dr. Miles' Anti Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples and naming this paper. SITUATION AT MANILA

Report Received at Madrid That Foreign Warships Are Landing Troops.

ANTICIPATED AN ATTACK

General MacArthur Calls For Reinforcements--Believed That the Rebel Leaders Are Becoming Desperate. American Flag Raised Over Cebu by Corwell of the Petrel.

Madrid, Feb. 27.—An official dispatch from Manila says: "The situation here is very serious. The foreign warships are disembarking troops. General Rios will leave Manila and go to Zamboanga, Island of Mindanao."

INSURGENTS

Attempt to Draw Americans Into an Attack.

Manila, Feb. 27.—Last night the rebels concentrated in such numbers near the Chinese cemetery that General MacArthur anticipated an attack and asked for reinforcements. Two companies of the Twenty-third regulars were sent to Calocan and a battalion of the Twenty-third regulars to the cemetery at about midnight.

But the expected attack was not made, the rebels, after making a great noise with bugle calls and yells of "Viva Independencia" and "Mucho Malo Americanos" and firing volleys, disappeared in the woods.

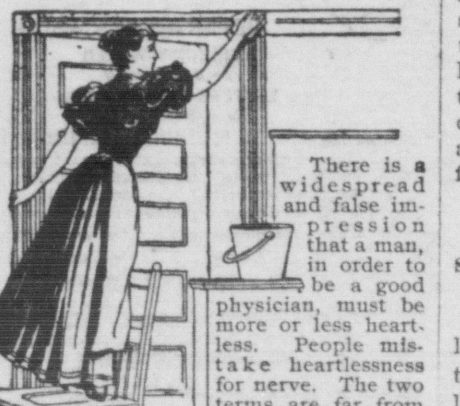

It is believed their leaders are getting desperate and are attempting to force the United States troops to make an attack, in the hope of breaking through the American lines, but the rebels are evidently unwilling to be sacrificed when facing the Americans. It is just possible, however, that they may be goaded into such a move before more reinforcements arrive.

According to the advices brought yesterday by the steamer Neustra Senora del Carmen the American flag has been raised over the Island of Cebu. The United States gunboat Petrel, commander C. Cornwell, visited Cebu on Feb. 22. Commander Cornwell sent an ultimatum ashore, declaring the intention of Americans to take possession—peaceably, if possible; by force, if necessary. The rebels immediately vacated, taking their guns to the hills. A party of marines and blue jackets was landed and the American flag was raised by them over the government building, which they still occupied when the Neustra Senora del Carmen left.

A battalion of the Twenty-third regulars left for Cebu yesterday by the United States transport Pennsylvania. The same steamer brought dispatches from Brigadier General Miller at Iloilo to Major-General Otis, reporting that all was quiet there; that there had been no further fighting; that confidence had been restored and business was being generally resumed. General Miller thinks it probable that the natives will soon be convinced of the error of opposing the inevitable, and that the example set by the inhabitants of Negros is having its effect among the other islands, which, though not entirely convinced, are, in General Miller's opinion, open to reason.

One man of the Twentieth Kansas volunteers was killed in Aringina village, which was burned last night, and four were wounded in the skirmish, one of the Idaho, one of the Minnesota and two of the Pennsylvania volunteer regiments.

Not Believed In Washington. Washington, Feb. 27.—The government officials here discredit the statement in the above dispatch that the foreign warships are disembarking troops.

man may have a nerve of steel and a heart as tender as a mother's.

Of all the specialists in the world, there probably are not two that have as wide an experience in the treatment of women's diseases as Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. With the assistance of his staff of able physicians, he has prescribed, in the past thirty years, for many thousands of women. Dr. Pierce is pre-eminently a sympathetic physician. Perhaps more than any other man in the profession he realizes the hardships of woman's work, and the disadvantages under which she labors because of the weak, delicate and susceptible structure of the feminine organism. His humane practice in diseases peculiar to women forced upon his recognition the fact that women would never take the proper care of their health, so long as that care required the "examinations" and "local treatments" insisted upon by nearly all physicians. After years of study he invented a remedy now known as Dr. Pierce's Favorite Prescription that is an absolute and unfailing cure for the most complicated and obstinate cases of diseases peculiar to women. This wonderful medicine cures in the privacy of the home, and does away with the necessity for obnoxious "local treatment." It imparts health, strength, vigor and elasticity to the organs distinctly feminine and fits for wifehood and motherhood.

In paper covers, 21 one-cent stamps; cloth binding, 10 cents extra. Dr. Pierce's Common Sense Medical Adviser. Address Dr. R. V. Pierce, Buffalo, N. Y.

troops at Manila. Spanish sources of information respecting affairs in the Philippine islands they say are not to be relied upon as the press and people of Spain do not hesitate to circulate statements inimical to the interests of this country. Secretary Alger was shown the dispatch last night and without entering into a discussion of it simply said he had heard no news of that sort.

Declined to Give His Reasons. Manila, Feb. 27.—Admiral Dewey when asked by a correspondent of the press to give his reasons for requesting Washington to send the battleship Oregon to Manila, firmly declined to discuss the matter. All was quiet here last night and along the line, except for some desultory firing by rebels near Calocan and San Pedro Macati.

No Emergency Exists. Manila, Feb. 27.—No such emergency exists here as is represented by reports circulated in the United States—and cabled back to Manila—to the effect that Admiral Dewey has had a collision of force with the German naval commander.

NICARAGUA REBELS

Will Surrender If Guaranteed Life and Property.

Managua, Nicaragua, Feb. 27, via Galveston.—President Zelaya has received a dispatch from Bluefields, via Greytown, dated Feb. 23, and signed by Captain Murr, of the British cruiser Intrepid, and Commander F. M. Symonds, of the United States gunboat Marietta, saying:

"For humanity and to spare bloodshed we guarantee that the revolutionists will disarm if you will guarantee their lives and property and maintain order at Bluefields and the existing treaties. On receiving your approving reply, we will arrange an armistice."

COUNT CASTELLANE

Anna Gould's Husband May Be Arrested by French Government.

Paris, Feb. 27.—It is asserted in political circles here that the true reason of the government's action in proceeding against Deroulede, whom everybody concedes to be a noisy crank, is the expectation of being able to bring to book several persons who have been financially backing the entire agitation and conspiracy which was to have resulted with the co-operation of the military element in the overthrow of the existing system of government.

Among the persons who are alleged to be the financial backers of the so-called "ligue," are the widow of the great sugar refiner Lebandy, her son, the elder brother of little Max Lebandy, who died under such tragic circumstances some three years ago, and last, but by no means least, Count Boni de Castellane, the husband of Anna Gould, who is charged, not only verbally, but in print, with using the American dollars of his wife to overthrow the republic.

A quantity of papers belonging to Deroulede have been seized by the police, and they have also gotten hold of a lot more correspondence which is said to so gravely implicate young Count Castellane that his arrest may be looked for at any moment.

MADRID PAPERS

Urging Activity by the Government Against Carlists.

Madrid, Feb. 27.—The newspapers are urging the government to maintain its precautions against Carlist activity, especially upon the frontier where attempts are being made to smuggle arms and ammunition into the country with a view to an early Carlist rising.

El Correspondencia Militar estimates that 440,000,000 pesetas will be required to cover the cost of the last two wars in Cuba.

The committee of the senate for the verification of credentials has examined Admiral Cervera, who had contended that he was entitled to sit in the senate, inasmuch as criminal proceedings had not been taken against him. The admiral declared that if the loss of his squadron were a crime, it must be attributed to the government, which sent him to the Antilles against his will. He told the committee that he wept on receiving congratulations upon his safe arrival at Santiago de Cuba, for he had foreseen disaster.

CAPTAIN CARR

Shot by a Former Member of Company L, Fourth Kentucky.

Ashland, Ky., Feb. 27.—R. S. Carr, late captain of Company L, First Kentucky regiment, was shot through the left arm at the elbow by Harry Price, a young lawyer of Catlettsburg, who was a private in Carr's company. The two men met in Gray & Stewart's saloon and the life was passed and, it is said, Price drew his pistol and fired. Captain Carr took the pistol from Price and fired one shot at Price, retreated up an alley. The trouble originated while they were in the army and was expected to wind up in a shooting affray.

KENTUCKY UNIVERSITY

Offered \$500,000 If It Will Perpetuate the Donor's Name.

Lexington, Ky., Feb. 27.—Robert Breckinridge Halligan, a Chicago millionaire, has written to the authorities of the Kentucky University, offering to give that institution \$500,000 if it will perpetuate his name in some way. He is a former Lexington boy who attended the university. He went to Chicago and made a fortune out of asphalt.

Czar Reported Ill.

London, Feb. 27.—The Daily Chronicle's correspondent at Stockholm says it is rumored there that Emperor Nicholas is ill, and that the imperial grand duke Michael is presiding over the government.

IN MILITARY PRISON.

Decatur Boy Who Wrote Home Concerning His Officers.

Decatur, Ind., Feb. 27.—Word from Mantanzas says that Pearl Cutting, son of ex-Street Commissioner Cutting of this city, a member of Company B, One Hundred and Sixtieth regiment, has been thrown into military prison. Cutting wrote a letter home in which he used very strong language concerning officers of the regiment. The letter was published in a paper here, a copy of which reached the hands of Colonel G. W. Gunder, who at once had Cutting arrested. Attorneys have been employed both here and at Mantanzas to defend Cutting. His mother says she had added the objectionable remarks to her son's letter before giving it for publication.

CASE OF NEGLECT.

Father of Thirty-two Children Dies in Poorhouse.

Crawfordsville, Ind., Feb. 27.—Michael Gerbrisk was buried from the poorhouse Saturday. He had resided here since 1850, and ran the first engine between here and Lafayette on what is now a part of the Monon line. He had been married several times and was the father of 32 children, not one of whom went to see him before his death nor at his funeral. One of his sons, however, sometime ago, left money with an undertaker to defray all burial expenses.

GAS EXPLOSION.

Five Persons Injured, One Probably Fatally—House Wrecked.

Walton, Ind., Feb. 27.—By an explosion of natural gas yesterday the home of Daniel Eckton was completely wrecked and five persons injured, one probably fatally. The attempt to find a leak in the cellar with a lighted match was the cause.

Charles Stanton Missing.

Jonesboro, Ind., Feb. 27.—Charles Stanton, a prominent citizen of this place and an employee of the United States glass factory, has been missing since last Wednesday. He went down town that day and nothing has been seen or heard of him since. No reason can be assigned for his leaving home, and his wife fears he has met with foul play.

Will Not Be Allowed Fees.

Indianapolis, Feb. 27.—The attorneys who took part in the election contest of Storer against Oregor for a seat in the Indiana senate have filed claims for over \$2,000 for their services. The majority of the claims committee has decided to allow no attorney fees in the case.

ILLINOIS LEGISLATURE.

Labor Bills and Sugar Bounty Measure Under Consideration.

Springfield, Ill., Feb. 27.—Labor legislation will come to the front this week. The bill to punish fraud in procuring laborers in other states for employment in this state will probably be called up tomorrow. It will be passed.

On tomorrow afternoon the bill prepared by the state board of arbitration and introduced in the house by Representative Mansfield will be considered by the house committee on labor and industrial affairs. This bill gives the arbitration board a substantial increase in powers, while keeping within the lines of conservatism and constitutionalism. No opposition has developed and the measure will unquestionably become a law.

The best sugar bounty bill has been lying in committee for some time awaiting the action of the State Farmers' institute. As this body has endorsed the measure it will probably be taken up within a few days. The bill provides a bounty of 10 per pound on all sugar manufactured in this state from sugar beets grown in Illinois. There is considerable opposition to the measure owing to the prevalent belief that it is supported by the ginosee trust.

Run Down by a Train.

Peoria, Ill., Feb. 27.—Agent Ryan and Operator Wilton, of the Peoria, Decatur and Evansville railroad, at Makinaw station, were killed on the Big Four near Tremont. They were returning home from Tremont on a railway velocipede and the train, an extra, run them down, killing both men instantly.

TICKS FROM THE WIRES.

The Planters' Cottonseed Oil mill was totally destroyed by fire at Monroe, La. Loss, \$100,000.

Fire caused by an electric light wire at New Orleans consumed three handsome residences valued at \$150,000.

DOINGS AT HAVANA

Function at Which Cubans and Americans Met at the Festal Board.

BANQUET TO GEN. GOMEZ

Generals Lee and Brooke Both Speak Chiefly Along the Lines of Assurance That the United States Intends to Deliver the Island to the Cubans. Better Understanding Has Resulted.

Havana, Feb. 27.—The banquet at the Tacon theater Saturday evening proved a brilliantly successful affair. Governor General Brooke and Major General Lee spoke. Cubans generally regard the occurrences at the function as the most promising auguries of Cuban independence since the peace protocol was signed. The theater was crowded to overflowing with spectators and more than 200 covers were laid for the banqueters. Beside the governor general and General Lee, the company included Major General Ludlow, General Chaffee, the governor general's chief of staff, the staffs of Generals Lee and Ludlow, and other army and navy officers, together with many prominent citizens and Havana officials. General Andrade sat on the right of General Gomez and Mayor La Costa on his left.

The boxes were filled with people representing Havana's best society. As the American generals entered a trumpet at the door blew once, whereupon a concealed band played the "Star Spangled Banner."

When the Cuban commanders entered the trumpet was sounded twice and the band played the Cuban hymn. Among the speakers were Senor Pedro Llorente, Colonel Carlos Garcia, Cuaberto Gomez and Dr. Lanuza, secretary of the department of justice. The tendency of all the speeches was towards independence for Cuba, with eulogy of General Gomez and assertions that he must never more leave the island. The spectators called vociferously for a speech from Major General Lee. His remarks and those of General Brooke were translated for the benefit of the assembly by Senor Pablo Desvernines, secretary of the department of finance.

Both the American generals repeated former statements of the military administration, chiefly along the line of assurance that the United States intended to establish a stable government in the island and then to deliver it to the Cubans themselves. These assurances were vociferously applauded.

Colonel Garcia explained the disinterested position of American military officers in Cuba. General Gomez himself did not speak, owing to the hoarseness from which he is suffering. General Andrade expressed thanks on his behalf, adding in his name that the banquet had done much to bring the Cuban and American elements to a clear understanding and to define the position, work, and aims of the United States military administration in Cuba. General Gomez withdrew from the theater about midnight, crowds in the streets applauded him wildly as he emerged and followed his carriage for blocks.

General Gomez, who is much in need of rest, said last evening to a friend: "This popularity is killing me."

TROOPS COMING HOME

Eighth Illinois and Twenty-Third Kansas to Leave Cuba.

Santiago de Cuba, Feb. 27.—The United States transport Minnewaska will leave tomorrow, having on board the Twenty-third Kansas volunteers. The Roumania will probably leave Thursday with the Eighth Illinois regiment. These troops, like the Ninth immunes, have of late had no special duty to perform. The Third immunes, now at Guantanamo, are under orders to be mustered out and will withdraw about March 15, leaving only three white volunteer regiments and one regiment of regulars available for duty in the province. At least one more regiment is needed by the department, preferably cavalry, as during the rainy season it is difficult to move infantry.

It was recently reported to General Leonard Wood on reliable authority that a prominent Cuban, holding a high position in this province under the military government, had openly stated that if the Americans did not "get out" by July, Cuba would declare war. Needless to say, the military governor attaches no importance to talk of this character.

Very little in the way of public improvements is now going on in this department. General Wood is able to keep only what has already been done. He has no power in the handling of funds, except so far as the monthly allowance is concerned, and this prevents fresh contracts and the giving of work to thousands of Cubans who want it.

Santiago province gave Havana last month \$50,000. All branches of the department government, civil and military, complain that they are badly hampered by orders from Havana. In any event, improvements have practically ceased.

BURNED TO DEATH

Remains of Fred Marty, His Wife and Child Found.

Chicago, Feb. 27.—The body of Letter-carrier Fred Marty, his wife and 2-year-old child, who 10 days ago perished in the fire at the Arlington flat building, were found yesterday under a pile of debris in the basement. Father, mother and child lay side by side, as though they had suffocated before the building collapsed. The body of Mrs. Marty was burned to a crisp.

REFRIGERATED BEEF

Used at Chickamauga Park Was Excellent in Quality.

Washington, Feb. 27.—The army board of inquiry has received the report of Major J. M. Arrasmith, late commissary at Camp Thomas, Ga., upon the character of the rations issued at that point. The report covers the rations supplied to the 77,000 soldiers mobilized at Chickamauga park from May, 1898, to January, 1899. Of the beef supply it says:

There were 3,900 pounds of beef condemned and destroyed. It was local beef, purchased in Chattanooga. The refrigerated beef was sufficient in quantity and excellent in quality, and the fact that the depot commissary inspected and issued over 5,000,000 pounds of this beef, and in a hot climate, without losing a pound of it, indicates the splendid condition of the beef and the care exercised in handling it.

Census Bill.

Washington, Feb. 27.—The conferees on the census bill have agreed and will make their report early in the week. Certain features of both the senate and house bills will be retained. The census will be nominally under the direction of the secretary of the interior but all appointments in the census bureau will be made by the director of the census. The director, assistant director and 300 supervisors are to be appointed by the president and confirmed by the senate. The director receives a salary of \$6,000 and the assistant director \$4,000. The only important point of difference was in regard to whether the census should be made a bureau of a department or separate, the house bill providing for an independent bureau.

Major General Reynolds Dead.

Washington, Feb. 27.—Major General Joseph J. Reynolds, U. S. A. retired, is dead, aged 77 years. A month ago General Reynolds had an attack which culminated in a cerebral hemorrhage, causing death late Saturday afternoon. The remains will be interred at Arlington tomorrow or Wednesday.

BUTCHER BECKER.

Evidence Strengthening That He Murdered His Wife.

Chicago, Feb. 27.—Evidence strengthening the belief of the police that Butcher Albert A. Becker, who was arrested Saturday on suspicion of having murdered his wife, did actually commit that crime was furnished yesterday by Dr. W. T. Kirby who, after a microscopical examination of the stains found on the boards in Becker's barn, expressed the opinion that they were made by human blood. Further examination of the barn has resulted in the discovery of a small bunch of black hair, which the neighbors say exactly matches that of the missing woman.

Search for Mrs. Becker's body was continued throughout the day, catch basins and the prairies for a mile in all directions being thoroughly investigated, but no traces of it was found. The earrings and ring found in Becker's house, and which the butcher declared he had recently bought for his second wife, were positively identified as belonging to the missing woman.

From a story told by a fellow countryman of Becker's, the suspected wife murderer may be implicated in the murder 15 years ago of a wealthy stock dealer in Magdeburg, Germany. Becker was faced by Henry Sander in the police station today and charged with having a knowledge of the murder. Becker, however, denied the charge. Sander, who also knew Becker when the latter lived in Milwaukee, told the police that Becker once tried to kill his wife there, and but for Sander's interference would probably have succeeded.

MANY SKELETONS

Discovery on a Farm Near Old Fort Chartres in Illinois.

Red Bud, Ill., Feb. 27.—While George E. Wilson was excavating a place in which to build a foundation for his barn on his farm near here, he noticed several bones sticking out of the sides of the trench. He dug them out, and in doing so discovered a large number of human skeletons. Many stone hatchets, spearheads and arrowheads were found, besides a number of rudely fashioned iron rings and bracelets. All of the skeletons were of males and some of the skulls were crushed in, as though with a club, while others had very large holes in them, as if they had been penetrated by a bullet of large size. The supposition is that the skeletons are those of the Hurons killed in the raid made by them on the French settlements in Illinois in 1736.

Fort Chartres is about 12 miles from here, and as the French repulsed the savages with heavy loss it is thought that as the Hurons carried off their dead, they may have buried them in the place discovered by Mr. Wilson.

Prayers For Kipling's Recovery.

Louisville, Feb. 27.—At the regular services last night of the Broadway Baptist church, one of the largest churches in Louisville, the pastor, Rev. Carter Helm Jones, asked all the congregation to join him in a prayer for the recovery of Rudyard Kipling. Immediately following the prayer Kipling's "Recessional" was sung as a duet.

New York, Feb. 27.—Thirty Spaniards arrived here yesterday on the Cunard liner Umbria. All of them are going to different mining towns in the west. The immigrant authorities say that since the close of the war with Spain the immigration from that country has increased 100 per cent.

Germany Will Not Interfere.

Bethlehem, Pa., Feb. 27.—President McKinley has notified the Moravian College for Women that it might announce the fact that as far as the present outlook was concerned he would be able to attend the exercises on the 150th anniversary of the seminary, to be held on June 14.

Epidemic of Meningitis.

STARTING A LITTLE LATE.

Report that a Bill to Repeal the Country Seat Law is to be Introduced.

An article in Sunday's Indianapolis Journal is proof that the Brownstown contingent had hoped to catch Seymour napping. They would like to get rid of the county seat removal law of 1895, though that law only permits the people to express themselves on the question of county seat removal. The effort to repeal this law is being begun a little late it would seem, for all laws enacted at this session of the legislature must reach the Governor by Saturday.

The article published in the Journal is as follows:

"Mr. Caraway, representative from Hancock county, will introduce a bill Monday morning to repeal the act of March 9, 1895, which authorizes the relocation of county seats in counties of more than five hundred square miles. This is the bill that was passed four years ago over the Governor's veto and was for the purpose of removing the county seat of Jackson county from Brownstown to Seymour. Mr. Caraway has been working quietly among the representatives for several days and has secured several promises of support for the bill. Some Brownstown people are understood to be behind the measure and are making an effort to steal a march on the city of Seymour. A similar bill will be introduced in the Senate."

LATER—A bill to repeal the law of '95 was introduced in both the House and Senate about noon today.

We the undersigned merchants of Seymour hereby agree to close our places of business at eight (8) o'clock p. m. except Saturday and B. & O. S. W. pay night from Monday Feb. 27th to December 1st, 1899.

I See, I See

Said the Little Man,

I See Clearly.

He was led to remark thus when he had his eyes fitted to glasses. The little man had noticed only lately that his newspaper was not so easy to read as usual. He had tried resting his eyes and that did very well for a time, but he found he was holding the paper at arms-length which soon grew tiresome. Then his eyes ached and burned. He tried rubbing them, which made them worse. Satisfied something was wrong and taking a friend's advice he called on J. G. Laupus. After he found how much properly fitted glasses helped his eyes he bought a comfortable fitting, substantial pair of gold spec. aces. I saw the little man the other day and he told me he would not take money for his glasses. J. G. LAUPUS, Jeweler and Optician.

Agile, The King of All Birds. Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers at 25 cents.

Not Really Cheap.

Low-priced baking powders are not really cheap. They are the most expensive in the end. A larger quantity is required to do the work. Besides that, they are unwholesome, as they are made of alum.

Cleveland's baking powder is made of pure cream of tartar, a product of the grape, and perfectly healthful.

It is true economy to buy Cleveland's. It does more work and better work, and is wholesome.

DO NOT GET THE WRONG IMPRESSION

Read This Carefully.

Do not get the wrong impression of proprietary medicines. Because you have been cheated by buying them in the past, you must not think that they are all alike, for they are not. There are many preparations on the market that equal or exceed anything that physicians have prescribed. There are some, however, that are frauds, and the manufacturers should be punished for defrauding innocent purchasers. However, because you have been defrauded in the past, is no reason why you should look upon every manufacturer as dishonest. Morrow's Kidney-oids are purely and wholly a scientific preparation and have been severely tested. They are not some mixup or decoction by those who know nothing of drugs and their strength nor by some grandma or auntie who took a handful of this and a pinch of that and boiled it up and soaked it in whisky and called it a great cure. Morrow's Kidney-oids are carefully made of the purest drugs and compounds to be had. Then they are placed in small wood boxes so there is no danger of getting them wet or broken. They are made into small Yellow Tablets (not pills which make them easy to take, without stopping in the throat. They cure the worst forms of kidney disease if persistency in using the medicine is followed. We guarantee this with a money offer of Fifty Dollars for a case we cannot cure, where the Directions are strictly followed. We have hundreds upon hundreds of statements for publication that are given in this state alone. Those statements should inspire confidence in the most skeptical, for people do not give their names to be used at home unless they are true. "For the sake of suffering humanity," Alonzo Knowles of Detroit and Third streets, Mad son, Ind., who is Foreman in the Towel Manufacturing Co.'s Cooper Shop, "I am only too glad to give my statement for publication, so that others may be cured of this terrible kidney complaint. Do not experiment any longer but use Morrow's Kidney-oids as I did. I had suffered two years with sharp, shooting pains in my back and kidneys. I had urinary disorder and was very nervous, but Kidney-oids cured all."

Alpha Cox, the druggist, sells Kidney-oids at fifty cents a box, six boxes for \$2.50. Take no substitute. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.
